PROJECTS

Typing Application
📅 02/2024 - 2024 📍 Chennai, India
Technologies Used: Next. Js, JavaScript, CSS3, HTML.

- **Project Description:**
  *A simple, interactive web application designed for testing typing speed and accuracy.
  *Users are provided with a text to type within a set time limit.
  *The application calculates two metrics: Words Per Minute (WPM) and Accuracy. Includes a **clean and intuitive user interface**.
  *Features a **countdown timer** for time tracking.
  *Designed with **responsive layout** to ensure compatibility on desktop devices.
